

## 2019 Programme of Inquiry

<b>PREP</b>	<b>Who we are</b>	<b>Where we are in place and time</b>	<b>How we express ourselves</b>	<b>How we organise ourselves</b>	<b>How the world works</b>	<b>Sharing the planet</b>
<b>Dates</b>	Feb 4 – March 15	March 18 – May 10	May 13 – June 28	July 15 – Aug 23	Aug 26–Oct 25	Oct 28 – Dec 13
<b>Central Idea</b>	There are things ourselves, our family and community members can do, to help keep us healthy and safe.	Families can have different forms and histories that connect them to different places.	Families around the world have different ways of expressing their shared beliefs and values through traditions and celebrations.	All local areas have specific features that make them special.	Everyday materials have different properties that can be changed in a variety of ways for different purposes.	We share our world with other living things that have certain needs that must be met in order to survive, grow and change.
<b>Lines of inquiry</b>	<ul style="list-style-type: none"> <li>❖ Why we need to feel and be healthy and safe</li> <li>❖ What things can cause us to be unhealthy or unsafe</li> <li>❖ What we can do to keep ourselves healthy safe</li> <li>❖ How our families and other members of the community help to keep us healthy and safe</li> </ul> 	<ul style="list-style-type: none"> <li>❖ What makes a family</li> <li>❖ How changes experienced by families lead to different family histories</li> <li>❖ How families and their histories are connected to different places</li> </ul> 	<ul style="list-style-type: none"> <li>❖ The different celebrations and traditions observed by our families (this will include similarities and differences)</li> <li>❖ How the different celebrations and traditions of families are connected to their beliefs and values</li> </ul> 	<ul style="list-style-type: none"> <li>❖ The common features of local areas and their purpose</li> <li>❖ How significant places can be located using positional language</li> <li>❖ The ways in which areas are considered special by different people</li> <li>❖ How we interact with our local area</li> </ul> 	<ul style="list-style-type: none"> <li>❖ The properties of objects and materials</li> <li>❖ Why different materials are suited to different purposes</li> <li>❖ How the properties of everyday materials can be changed for different purposes</li> </ul> 	<ul style="list-style-type: none"> <li>❖ The differences between living and non-living things</li> <li>❖ What living things need in order to survive, grow and change</li> <li>❖ How humans can affect how other living things are able to have what they need to survive, grown and change</li> </ul>
