Rationale

Mandatory reporters (teaching staff), who believe on reasonable grounds that a child or young person is in need of protection from physical injury or sexual abuse, must report their concerns to Department of Health and Human Services (DHHS) Child Protection or Child FIRST.

In cases where staff have concerns about a child or young person, they will discuss their concerns with the Principal or Assistant Principal prior to making a notification.

1. Aim

This policy aims to:

- Define the roles and responsibilities of school staff in protecting the safety and wellbeing of children and young people.
- Enable staff to identify the indicators of a child or young person who may be in need of protection.
- Enable staff to make a report of a child or young person who may in need of protection.

2. Implementation

Mandatory Reporting:

Mandatory reporters **must** make a report as soon as practicable if, in the course of practising their profession or carrying out their duties, they form a belief on reasonable grounds that a child or young person is in need of protection, as a result of physical injury or sexual abuse, and the child's parents are unable or unwilling to protect the child.

Mandatory Reporters should report to the Department of Health and Human Services (DHHS) Child Protection.

- Teachers registered to teach or who have permission to teach pursuant to the *Education and Training Reform Act 2006 (Vic)*
- Principal class officers of government and non-government schools

- Registered medical practitioners
- Nurses
- All members of the police force

Child in Need of Protection:

Any person may make a report if they believe on reasonable grounds that a child is in need of protection for any of the following reasons:

- The child has been abandoned and there is no other suitable person who is willing and able to care for the child.
- The child's parents are dead or incapacitated and there is no other suitable person who is willing and able to care for the child.
- The child has suffered or is likely to suffer significant harm as a result of physical injury and the parents are unable or unwilling to protect the child.
- The child has suffered or is likely to suffer significant harm as a result of sexual abuse and their parents are unable or unwilling to protect the child.
- The child has suffered or is likely to suffer emotional or psychological harm and the parents are unable or unwilling to protect the child.

The child's physical development or health has been, or is likely to be significantly harmed and the parents are unable or unwilling to provide basic care, or effective medical or other remedial care.

Who should make the report?

- Any person (reports to DHHS or Victoria Police)

Child in Need of Therapeutic Treatment:

Any person may make a report if they believe on reasonable grounds that a child who is 10 years of age or over, but under 15 years of age, is in need of therapeutic treatment because he or she has exhibited sexually-abusive behaviours.

Who should make the report?

- Any person (report to DHHS or Child FIRST)

DUTY OF CARE:

All members of Dingley Primary School staff have a duty of care to protect the safety, health and wellbeing of children in their care.

If a staff member has concerns about the safety, health and wellbeing of children in their care it is important to take immediate action.

In the case of a child who may be in need of protection or therapeutic treatment, or where there are significant concerns about the wellbeing of a child, school staff can discharge this duty of care by taking action which includes the following:

- Reporting their concerns to the DHHS Child Protection or other appropriate agency (Child FIRST, Victoria Police)
- Notifying the Principal or Assistant Principal of their concerns and the reasons for those concerns.

TYPES OF ABUSE OR INDICATORS OF HARM

Child abuse can have a significant effect on a child's physical or emotional health, development and wellbeing. The younger a child the more vulnerable he/she is and the more serious the consequences are likely to be.

Types of child abuse include:

- physical abuse
- sexual abuse
- emotional abuse
- neglect
- medical neglect
- family violence

Other reports to DHHS Child Protection may be needed for:

- risk-taking behaviour
- female genital mutilation
- unborn child at risk
- child or young person exhibiting sexually-abusive behaviours.

There are many indicators of child abuse and neglect. The presence of a single indicator, or even several indicators, does not prove that abuse or neglect has occurred. However, the repeated occurrence of an indicator, or the occurrence of several indicators together, should alert teachers to the possibility of child abuse and neglect.

MAKING A REPORT

Dingley Primary School staff should make a report in the following way:-

1. Staff should keep comprehensive notes that are dated and include the following information:

- Description of the concerns (e.g. physical injuries, student behaviour)
- Source of those concerns (e.g. observation, report from child or another person)
- Full name, date of birth, and residential address of the child or young person
- Details of the concerns and the reasons for those concerns
- The individual staff member's involvement with the child and young person

- Details of any other agencies who may be involved with the child or young person
2. School staff should discuss any concerns about the safety and wellbeing of students with the Principal or Assistant Principal. The individual staff member should then make their own assessment about whether they must or may make a report about the child or young person.
 3. An incident report is completed by the staff member in consultation with the Principal or Assistant Principal.
 4. Make a report to the relevant agency.
 5. Complete the incident report including time or report and agency.
 6. Notify relevant school staff and/or Departmental staff of the report.
 - School staff should advise the Principal or Assistant Principal if they have made a report.
 - In the case of international students, the Principal must notify the International Education Division of the Department on (03) 9637 2990 to ensure that appropriate support is arranged for the student.
 - In the case of Koorie students, the Principal must notify the Regional Office to ensure that the regional Koorie support officer can arrange appropriate support for the student.
 7. Notify the Victoria Police if there is concern that a criminal offence may have been committed.

DHHS Child Protection and/or Victoria Police may conduct interviews of children and young people at the school without the parent's knowledge or consent.

DHHS Child Protection and/or Victoria Police will notify the Principal or Assistant Principal of their intention to interview the child or young person on the school premises.

When DHHS Child Protection practitioners/Victoria Police officers come to the school premises, the Principal/Assistant Principal or a member of the leadership team will request to see identification before permitting them to have access to the child or young person.
